SpanSet UK have been established for over 40 years. SpanSet designs, manufactures and supplies Height Safety, Lifting and Load Control systems.

All SpanSet products have been developed to work as part of an overall safety solution, which includes products, installations, training, implementation, testing and servicing. By offering our customers an overall solution SpanSet is better able to meet customers' needs and help them develop safer solutions for working at height, lifting and load restraint.

HIGH PERFORMANCE LASHING

SD12 Deck Lashing

- Combination heavy duty ratchet tensioner with UHMPE rope
- Efficiently secures monopiles to grillages on deck
- Lightweight handling
- Lashing capacity 25000daN
- Easy tensioning and release

Power Assisted Ratchet Deck Lashing

1. Heavy Duty Ratchet Tensioner
2. UHMPE rope with sleeve
3. Exoset safety bow shackle 35t

HIGH PERFORMANCE ROUNDSLINGS

MagnumPlus - MagnumX

MagnumPlus

- High duty lifting sling
- **10t to 100t WLL**
- Polyester fibre core and heavy duty outer sleeve
- Unique helical core more compact than standard roundslings
- Excellent abrasion and UV resistance
- Individually serial numbered and RFID tagged for traceability

The Advantages at a Glance

- X-tremely compact
- X-actly identifiable
- X-tremely wear resistant
- X-actly verifiable
- X-tremely resilient
- X-tremely protected

Magnum-X

- High performance lifting sling
- **10t to 400t WLL**
- High performance LCP fibre core and sleeve
- 50% more compact than standard roundslings
- 50% lighter than standard roundslings
- High abrasion and cut resistance
- Individually serial numbered and RFID tagged for traceability

HEAVY LIFTING TOOLS

Upending Tools and Hinges Special Lifting Devices

- Innovative adaptable end-on grip design
- Up to 1000t capacity
- Integrated power pack and backup
- Available to adjust to a range of diameters
- Adaptable to flange or grouting monopiles
- Unique grippers eliminate damage to monopile
- Wireless remote control and sensors
- CCTV monitoring
- Reduces rigging time over conventional upending tools
- Increases efficiency of monopile installation

Upending Tools and Hinges

Special lifting devices designed and manufactured to meet the exacting requirements of the offshore marine industry.

Includes:

- Nacelle lifting beams
- Modular blade lifting beams
- Blade storage and transportation racks
- Tower segment storage and transportation racks
- Tower Attachment Points
- Monopile lifting and rotating beams
